## Committed to Sustainability

We are a 3rd generation family run company. We strive to make the highest quality, safest packaging in the most responsible way – for brands we're really passionate about. Our sustainable options through our Earth-Guard brand offer structures with a more responsible end-of-life.

### USAGE

The safe, cost-effective packaging choice for industrial and commercial packaging applications, Portco's multiwall bags set the standard.

Choose from a full selection of Kraft, bleached Kraft, clay coated, and colored papers with a variety of coatings and treatments. We offer a diverse range of protective barriers, including HDPE liners that ensure grease protection.

Complementing these protective solutions, our award-winning 10-color flexographic printing ensures that custom orders not only have functional value but also make a striking impression at the point of sale or usage.

### DESIGN

Our bags are designed for optimal machinability, ensuring robust protection during shipping, unparalleled strength, and durability. They also prioritize food safety and offer a notable shelf presence. Additionally, these bags present a cost-effective and eco-friendly solution.

### CUSTOMIZED

Portco multiwall bags are manufactured to your size and paper specifications. Choose from 2-ply, 3-ply, poly-lined, tape-oversewn seals, SOM, PBOM, SOS, and Small SOS.

### CONSISTENCY & SERVICE

Reliable, consistent construction with every order – that quality coupled with a reputation as a prompt and responsive supplier has earned Portco a place as a leading supplier for multi-wall bags.

### LOCATION

Domestic supply. You'll know exactly where your product originates. In fact, you can come see us any time you want. You can rest assured we will stand behind our product to make sure you get the quality you expect and the packaging your fine products deserve.
